# GAME SUGGESTIONS

## TAZO SNAP

- Each player has a stack of Tazos.
- Players take turns to put down a Tazo.
- When two identical Tazos appear the word "Tazos" is shouted.
- The first person to shout wins the stack.

## TAZO FLIP

- Tazos are placed along a table edge.
- One by one flip the Tazos into the air.
- Tazos that are caught are claimed.

## TAZO WALL SLAM

- Players line up 5 paces from a wall.
- Each player throws a Tazo at the wall.
- Whoever gets closest to the wall wins a Tazo from each player.

## TAZO SPOOF

- Each player has 3 Tazos.
- Players select a number of Tazos behind their back and hide them in one hand.
- That hand is then offered to the group.
- Each player guesses the total number of hidden Tazos.
- The winning player wins all the hidden Tazos.

## TAZO SLAMMER

- Stack the Tazos design face down.
- Each player throws the slammer at the stack.
- Players claim all Tazos that land design face up.

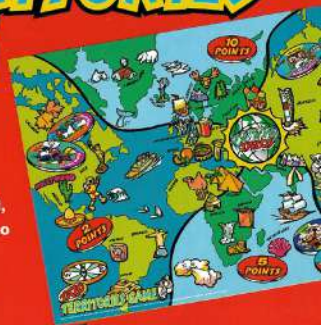
# TAZO™ TERRITORIES GAME



The new and exciting game where you can win points and Tazos from your opponents. It's simple to learn and great fun to play. Your specially designed map game, showing lots of interesting things from around the World, has been divided into Tazo Territories. Each Tazo Territory has been given points.

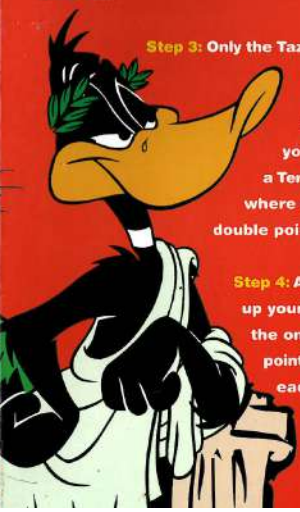
To play all you need is :

10 Tazos / a Mega Tazo / two or more players

# HOW TO PLAY

**Step 1:** Stack your 10 Tazos, with the designs face down, on the World Tazos Stack Zone.

**Step 2:** Throw your Mega Tazo at the top of the stack and watch them fall.



**Step 3:** Only the Tazos that land face up, fully within a Tazo Territory win the Territory points.

Any World Tazo Characters in your stack that land, face up, in a Territory which includes the country where they were born, win you double points.

**Step 4:** After everyone has had a go, add up your Territory points. The winner is the one who has the most Territory points. The losers must give one Tazo each to the winner.

# FAMOUS PEOPLE FROM HISTORY

**The World Tazo series shows twenty famous people from around the World. Here's some of our favourites:**

## KINGS, EMPERORS AND OTHER LEADERS:

Lots of people become famous because they ruled a country or an empire. They were Kings, Emperors, Presidents or Generals and the bigger the territory they controlled, the more famous they generally became.

51 ITALY: Julius Caesar (100 - 44BC) was Emperor of the Roman Empire. He conquered huge territories and even invaded and defeated Britain. The love of his life was Cleopatra and he made her Queen of Egypt. He also made lots of enemies, even amongst his friends, and was eventually betrayed and killed by them.

52 EGYPT: Cleopatra (69 - 30BC) was generally thought to be one of the most beautiful women in history. She was made Queen of Egypt by Julius Caesar and they had a son. After Julius Caesar died she fell in love with Marc Antony, a Roman General.

53 ITALY: Marc Antony (82 - 30BC) was a general in the Roman army. After arresting the traitors who killed Caesar, he governed the Roman Empire until he met Cleopatra.

54 GREAT BRITAIN: King Arthur (5th century) reigned at Camelot with the Knights of the Round Table and Merlin the Wizard. He claimed his sword Excalibur from the Lady of the Lake. We still don't know if it's all a legend.

55 U.S.A.: George Washington (1732 - 1799) became the first President of the United States in 1789.

56 FRANCE: Napoleon I Bonaparte (1769 - 1821) was a brilliant General. He conquered large areas of Europe and crowned himself Emperor of France and later King of Italy. He was defeated at the Battle of Waterloo by the Duke of Wellington.

## MEN OF KNOWLEDGE:

Thanks to their inventions and discoveries, we can do things faster, better, easier and higher.

57 ITALY: Christopher Columbus (1451 - 1506) went in search of a new sea route to Asia to bring back spices and treasure for Spain. He got lost! In his travels he accidentally discovered America.

58 GREECE: Pythagoras (approx. 575 - 500BC) was a Greek philosopher possibly best known for his Pythagoras Theorem which is still used in geometry today.

59 SWEDEN: Alfred Nobel (1833 - 1896) discovered dynamite but disliked the idea of it being used as a weapon. He set up a fund to reward people who do good work in the fields of peace, literature and science called the Nobel Prize.

60 GREAT BRITAIN: Sir Isaac Newton (1642 - 1727) was considered to be the greatest scientist of all time. He developed the principles of gravity and, amongst other things, built the first reflecting telescope.

61 GERMANY: Albert Einstein (1879 - 1955) was considered to be the greatest physicist of all time. He developed the general theory of relativity, dealing with space and time. In 1921 he received the Nobel Prize for physics.

62 RUSSIA: Yuri Gagarin (1934-1968). In 1961, he was the first man to orbit the earth in his spaceship Vostok 1. The whole trip took 1 hour 49 minutes.

63 GREAT BRITAIN: Alexander Bell (1847-1922) invented the telephone in 1876. He was also well known for his work teaching deaf people to speak.

64 U.S.A.: The Wright Brothers (Wilbur 1867-1912, Orville 1871-1948) were aeroplane inventors and used their bicycle shop to build their first aircraft. They made their first flight in 1903.

65 U.S.A.: Thomas Edison (1847-1931) was one of the world's greatest inventors. He is most well known for inventing the electric light bulb but he also invented the record player and the microphone, to name a few.

## ARTISTS:

There are many different types of artists: painters, sculptors, composers, writers and singers.

66 ITALY: Leonardo da Vinci (1452-1519). His most famous piece of work is the Mona Lisa which can be seen in the Louvre in Paris. Not only could he paint and sculpt well, but also knew a lot about the human body and many other sciences.

67 ITALY: Michelangelo (1475-1564) was a sculptor, painter, architect and poet. A lot of his work was influenced by religion and his greatest piece was painting the ceiling of the Sistine Chapel which took 4 years to complete.

68 GREAT BRITAIN: William Shakespeare (1564-1616) lived in Stratford Upon Avon and is considered the most famous playwright in the world with plays such as Antony and Cleopatra, Romeo and Juliet and Hamlet. He was also well known as a poet, particularly for his sonnets.

69 AUSTRIA: Wolfgang Amadeus Mozart (1756-1791) was a child genius. When he was 5 years old he could play the piano beautifully and compose music. Mozart was very poor when he died, despite composing 41 symphonies in his short life.

70 NETHERLANDS: Vincent van Gogh (1853-1890) accomplished most of his painting in 29 months and often used bright colours and smeared the paint thickly onto the canvas. His most famous painting is 'The Sunflowers'. While he was alive no-one knew of him and he was very poor. Now his paintings are worth a fortune.

GAME SUGGESTIONS
TAZO SNAP
Each player has a stack of Tazos.
Players take turns to put down a Tazo.
When two identical Tazos appear the word "Tazos" is shouted.
The first person to shout wins the stack.
TAZO FLIP
Tazos are placed along a table edge.
One by one flip the Tazos into the air.
Tazos that are caught are claimed.
TAZO WALL SLAM
Players line up 5 paces from a wall.
Each player throws a Tazo at the wall.
Whoever gets closest to the wall wins a Tazo from each player.
TAZO SPOOF
Each player has 5 Tazos.
Players select a number of Tazos behind their back and hide them in one hand.
That hand is then offered to the group.
Each player guesses the total number of hidden Tazos.
The winning player wins all the hidden Tazos.
TAZO SLAMMER
Stack the Tazos design face down.
Each player throws the slammer at the stack.
Players claim all Tazos that land design face up.
